

Expert Witness

The Vinden Partnership provides expert testimony for property, engineering and construction related disputes throughout the UK.

Our team of professionals act as consulting and testifying experts, providing comprehensive litigation support to a broad range of clients.

TVP assists clients during all phases of a dispute, before the initial filings through discovery and dispute resolution including construction adjudication, arbitration, mediation and court proceedings.

A number of our experts have courtroom experience and are members of the Royal Institution of Chartered Surveyors' Expert Witness Registration Scheme.

For each assignment we determine the best match between consultant and the issues of the dispute by drawing from our pool of diverse technical backgrounds in property, construction, engineering and management.

We assemble our project teams to support our clients' specific needs. The diverse capabilities and skills of our consultants enable us to serve a spectrum of industry participants.

At The Vinden Partnership, we understand the unique demands of all forms of dispute resolution. Our experts provide comprehensive analysis and are prepared to address key issues with clear and concise testimony.

Our areas of expertise:

- **Boundary determination and party walls**
- **Building surveying**
- **Construction standards, specifications and defects**
- **Construction disputes and claims**
- **Dilapidations and housing disrepair**
- **Professional negligence**
- **Management of construction health and safety**
